Trust, Time & Effort

Based on concepts from A. T. Himmelman "Collaboration for a Change: Definitions, Models, Roles and a Collaboration Process Guide."

# Moving Forward

## Specific Actions That Would Help...

- ✧ Evolve Framework V3?
- ✧ Fill gaps in sub-county metrics & expand the development of small area data?

## New Collaborative Opportunities...

- ✧ To advance the field to improve health & well-being? (e.g. accelerate learning & practice; expand access to meaningful data)
